

# METAL

## Fabricated or Cast we make products that last

Tired of working on fabricated parts and monitoring costly component parts in your inventory?  
Let us handle it for you.

Work with GBGI Inc. and we will design and manufacture a superior assembly. We look at ways to make it more durable and eliminate costly warranty expenses.

GBGI's high quality components are manufactured with the key benefits of accuracy, repeatability, versatility and integrity made to order in the USA.

### Reduce

warranty costs and  
end user downtime

### Eliminate

your fabricating labor  
and costly inventory

### Simplify

Let GBGI provide your  
finished assemblies  
when you need them

Grow with us!
